

## Client Endorsements are Proof Positive

The trust and confidence Elaine Williamson Designs strives to develop with our clients is evident in these and other gracious endorsements:

*"All that is beautiful about this home is such a credit to you. Beautiful things, in of themselves, can make a beautiful place, but the artistry of placing them where they belong is what makes this dwelling stunning. I will never be able to thank you enough for what you have given me...a sanctuary worthy of my mother's inner beauty, a place wherein she is alive for me...privileged to have found you." - Alex Moreno*

*"I want to also say 'Thank You' to you for all the hard work and fantastic creativity that Elaine Williamson Designs has displayed during this project. We look forward to partnering with you in the near future!"  
-Robert Stapp, North Texas Spine and Sport*

*"Thank you so Much I really enjoy your work."  
- June Cox, REO Atlanta LLC*

*"I would recommend Elaine's services to anyone and everyone. Beyond her integrity are her professionalism and the sheer elegance and beauty of her vision as a designer. She has a 'gift' for creating that makes her a true artist. My house became my 'home' because of her and the results are truly worthy of any design magazine I've ever picked up. She is the best!" - Alejandra Moreno*

*"After my first meeting with Elaine, I found her to be warm, respectful, and exceptionally talented. She is a dynamic individual that embodies the talent to communicate her vision and the ability to manifest it in her design! Her attention to fine project details is incredible. Elaine is comfortable to work with and respectful of her client's opinion. She goes above and beyond to complete the project to perfection and always with such a positive, upbeat attitude! I highly recommend Elaine to anyone whose goal is excellence!" - LaDonna Polston*

*"We were referred to Elaine Williamson Designs by our contractor Hensley Custom Homes. On our initial meeting with Elaine, we were so comfortable with her. We felt she 'got us'. We are not 'design savvy' people – and she never made us feel like we 'needed' her, but always that she just wanted to help us and wanted us to be happy. Selecting finishes was our biggest challenge, but Elaine made it effortless by bringing us a selection that really fit. We loved everything she selected for us! She also made the whole design process stress-free from the decision making standpoint. We knew we could count on her – she was even a liaison with our contractor, when we couldn't get something accomplished with them – she handled it – and it got done! We are 110% satisfied and enjoyed the stress free decision making. Elaine took the time to get to know us, to understand what we wanted, and her work exceeded our expectations. Indeed, Elaine truly made this a great experience. Knowing all that she did for us, we would never go through this process without her. Elaine and her staff have made a lasting impression on us, and our family. We are so thankful and blessed to have worked with this firm."*

*- Dave and Beverly Womack*

*"I could not be happier....These rooms are still in progress but so pretty already that I'm excited to walk through them every day. I love sitting in there sipping a cocktail, admiring all that we've done so far. So, thank you for your wonderful advice and help...Our forever home is really coming together."*

*- Kirsten Merritt*

*"I chose Elaine Williamson for her expertise, sense of style, attention to detail, capabilities willingness to work under strict conditions, and vision. She has the unique ability to see a project in its completed form before it begins. Although our project was on an extremely short schedule. Elaine worked evenings, weekends, and crazy hours to complete the work. Not only does she listen to the client, Elaine is flexible and will work within the client's budget and tastes."*

*- Barry Hensley of  
Hensley Premier Builders*

*"Elaine made us feel very comfortable that she would guide us in our design needs without straying from what we liked. There were also several times during the building process when something was not proceeding as planned – wrong paint or fixture – and Elaine stayed on these issues until they were resolved to our satisfaction. In fact, Elaine stayed involved in every detail to make sure what we envisioned came to life. She finds the styles and products that fit – stretching at times when she feels it is needed, but not forcing. Elaine also provides honest answers as to what will work and not work, and she has a knack for pulling together divergent ideas to land on the right solution. She was great at keeping us informed along the way and made our dreams a reality."*

*- Barry and Holly Pennett*
