The cabana also boasts a fully functional kitchen with a copper backsplash, and an Advantium oven, dishwasher, double sink and refrigerator. The lunch bar features Saturnia granite with a drystacked base to continue the rustic flow. Oil rubbed bronze fixtures are utilized throughout, while colorful, yet simple draperies add a touch of softness.

Also notable to this project is the steam room located in the back of the cabana. This steam shower has slate walls, ceiling and floors, and also features a metal focal point design along the back wall for visual interest. The cabana's full bath also includes a walk-in shower and vanity area. A crystal chandelier adds a touch of elegance and glamour to the space.

This backyard renovation was not only for the humans, but for the resident's dogs as well. A special dog room was constructed - fully tiled from floor to ceiling in slate.
