#1

#1 JELLY CYLINDER NANO

This company has created one of the coolest pieces of living art! Envision something with the nostalgia and intrigue of a lava lamp combined with the thrill of “living” art. Jellyfish Art has made the concepts of jellyfish tanks a simple reality for any home or office décor. As an all-inclusive kit, the Jellyfish Cylinder kits include three sustainably aqua-cultured, live moon jellyfish and everything you need to set up the aquarium. \$369; jellyfishart.com.

#2

#2 DITTO VIBRATING CELL PHONE SIGNALER

Know someone who is sick and tired of receiving seemingly useless notifications on their phone all of the time? By putting a phone in silent mode to avoid the influx of unwanted or tedious, non-essential messages, important notifications can be missed in the process. The Ditto Bluetooth Vibrating Cell Phone Signaler will allow you to pick and choose from whom you want to receive calls, texts and email messages. It's customizable with a free app, allowing you to pre-set important contacts, like the babysitter or the boss, and not be bothered by every single phone call, text or email that comes in while doing other things. The app is both iOS and Android compatible. \$39.95; HarrisComm.com.

#3

#3 CARRYOKEBELL

Know someone who just loves to sing and entertain? VocoPro makes that easy with its CarryOkeBell device, the world's first handheld, completely self-contained karaoke system. It has on-board digital mic effects to help users sound like stars, or to transform the sound of their voices using the voice changer with seven fun vocal effects. Karaoke enthusiasts can sing at home or on the road using Bluetooth technology and their own “smart” device to access favorite karaoke tracks online. \$89; VocoPro.com.

#4 TORCH COAT HEATER

The Torch Coat Heater is a portable, battery-operated heating unit designed to fit in a clothing pocket. With it, you can transform your jacket — any jacket — into a battery-operated heated garment and fight the elements in clothing of your choosing. The Torch 2.0, the company's next-gen coat heater, features more efficient heat pads, push-button technology, a hidden battery pocket and the capability of charging your cell phone. \$99.95; TorchCoatHeater.com.
