FATHER'S DAY GIFTS FOR THE MAN CAVE

By Merilee Kern, The Luxe List Executive Editor

It's said that a man's home is his castle, which would make his "man cave" his lair, where he can enjoy a reprieve from the pressures of daily life, watch sports and other television or movies in peace and generally relax in a space he can call his very own – and decorate accordingly. Man caves also offer an abundance of gifting opportunities, especially on Father's Day. From furnishings to technology and gadgetry to interior décor, here are a few great gift ideas that can ensure he's suitably and stylishly sequestered.
