By Merilee Kern, MBA

It would be an understatement to say that the coronavirus pandemic has throttled the travel industry, but the luxury sector is resilient and coming back strong! As you plan safety-minded meanderings this year, consider utilizing a chauffeur service like Blacklane to get you safely to and fro.

Indeed, luxury, convenience and wellness-minded travelers are loving Blacklane's global chauffeur options, which brings travelers peace of mind

across 50 countries. The crew's health, safety, reliability and technology give guests door-to-door stress-free travel.

Blacklane chauffeurs clean vehicles and disinfect all points of contact before and after rides. They offer hand sanitizer, wear masks and provide masks to guests who need them. They also check their temperatures daily and air out vehicles between rides. Blacklane travelers receive fair, fixed and all-inclusive rates, and all rides are carbon neutral. Plus, all Blacklane chauffeurs speak English and are

commercially licensed and insured. Airport pickups include flight tracking, meet-and-greet service and one hour of free chauffeur waiting time.

Beyond airport transfers and other intra-city use, with Blacklane's inter-city ride option gives guests a private door-to-door alternative to short haul flights and trains, making long-distance road travel more comfortable than ever. You'll save time by skipping the airports and train stations and can instead use the travel time how you'd like — private phone calls, last-min-

ute presentation prep or even catching up on sleep. Blacklane chauffeurs are bound by discretion and give you the space and privacy you need to deliver your best. Of course, booking intercity rides as an alternative to flights, trains or car rentals means avoiding the crowds and staying safe on your long-distance journey. Instead of enduring long lines and multiple interactions before you even hit the road, you just enjoy the comfort of a private transfer in a top-of-the-line vehicle. As always with Blacklane, rates are guaranteed in advance, and its fixed pricing between your pick-

up and drop off cities means no hidden costs. Plans change? You can change or cancel your ride for free up until 24 hours before pick up. Anticipate a stop or two along the way? Blacklane chauffeurs still have you covered. For small groups, they have business van or SUV service class vehicles, which means passengers enjoy additional workspace without sacrificing comfort or style.

Whatever your need, Blacklane chauffeurs are at your fingertips via the free Blacklane app, which you can use to easily book safe, private rides while you're on-the-go. Think of it as peace of mind in the palm of your hand. So, no matter what region you plan to visit, if you desire reliable and luxurious ground transportation for a flight or any other "around town" jaunts, Blacklane is a true gem. The service alleviates the stress of getting to and

from the airport or other destinations. Upgrade your travels at blacklane.com or on the free Blacklane app.
