8 Luxury Retail Stocks Worth a Look

Their products aren't always cheap, but some companies are potential bargains.

By Lou Carlozo, Contributor | Sept. 12, 2017, at 9:00 a.m.

SLIDESHOW

1 of 10

Shopping the retail front.

Sizing up the luxury retailer landscape is like drooling over \$100 jeans because everyone wants them, or sitting out as they land with a thud in a thrift shop for six bucks. For starters, brick-and-mortar [department stores](#) seem as popular these days as the home and hobby.
