

## Dear LC Bridal iPhone Collection Customized iPhone Cases For Brides-To-Be

Lynn Caputo, Owner of Dear LC, has recently launched her Bridal iPhone case collection. Lynn says, "The Bridal Collection features bold, geometric designs and striking colors and can be personalized to reflect the bride-to-be's future name or the color scheme of her upcoming wedding." This is a fun little statement piece that is also functional as it protects your cell phone from dings and dents.

The Dear LC Bridal iPhone Collection comes in a selection of prints and designs that would compliment any wedding theme. Some have fun sayings such as 'Happily Ever After' while others can be adorned with your new monogram. It is a cute little cheeky way to let everyone know you are happily engaged!

### Perfect For Your Honeymoon While Laying On That Sandy Beach

Juicebar says, "The Power Tube Portable Device charger from Juicebar™ delivers all the charging power you need for your mobile electronics when you need it most. This small charger is no larger than a roll of quarters and will fully charge your phone, handheld console, or portable media device with power to spare." This little wonder charges your cell phone and other mobile devices to full power status when there are no outlets around. The Juicebar™ maintains its charge for over 30 days and features a built-in charge level indicator so you know when it is ready to use.

The Juicebar™ is perfect for those times when you cannot afford to be without your phone. Avoid the panic of a dead cell! Imagine having no power to your phone on your wedding day while you are prepping and coordinating with your bridal party. What a nightmare! With Juicebar™ you always have a full charge right at your finger tips and its compact size makes it convenient to carry with you daily in your purse.
