Freddie the Frog

The new Freddie the Frog four-book series is designed to help preschool through elementary-age children understand musical concepts. Featuring colorful illustrations, the hardcover books also come with a CD that includes narration and sing-a-long songs. The books include *Freddie the Frog and the Thump in the Night*, which introduces readers to fundamental music concepts. *Freddie the Frog and the Bass Clef Monster* introduces kids to the nine notes of the bass clef. With *Freddie the Frog and the Mysterious Wahooooo*, kids discover tempos, rhythms, and beats while being guided to play rhythm instruments. The fourth book, *Freddie the Frog and the Secret of Crater Island*, teaches six note names and completes the treble clef staff that the first book in the series introduced.
