

4 ways overachievers are sabotaging their own career — and how they can change that

PUBLISHED SUN, SEP 15 2019 • 10:00 AM EDT

Keren Eldad, certified executive and personal coach for high performers

KEY POINTS

- Nearly half of Americans say they are unhappy at work, including successful entrepreneurs and C-suite execs.
- The main source of dissatisfaction: their constant pursuit of success, which is how
