Kaossilator

If you know someone with a pair of earbuds and a finger, the Giftinator 3000 guarantees that the Kaossilator will be a hit. Twiddle the knobs and stroke the touchpad with a finger and this hand-sized little box will sing to you like an aria from the Terminator.

Eyeclips Night Vision Goggles

The Eyeclips gives you true infrared night vision up to 50 feet, and the eyepiece flips up if the other ninja sneaking around in the room tries to blind you with a flashlight.

Sony BWU-300S

The Giftinator 3000 suspects someone in your life is thinking about picking up a PlayStation 3 just for the Blu-ray drive. Good thing they waited—Sony's just released the first sub-\$400 Blu-ray player and burner that can fill up a 50GB BD-R in about 30 minutes.

Radiation Meter

This is the real thing, people: a handheld meter for detecting ionizing radiation in the atmosphere. No home, dormitory, or Vault should be without it. We'd like to think that no one will depend on it to do its job in the near future, but will instead dig it for the *Fallout 3* and *S.T.A.L.K.E.R.* cosplay possibilities.

3rd Space FPS Gaming Vest

Far superior in comfort and convenience than actually being shot, the USB-connected 3rd Space FPS Gaming Vest from TN Games uses a small air compressor to deliver quick jolts to eight different strike zones whenever you get shot, including two at your back.
