And Dr. Blanca Lizaola M.D., co-founder of SOS Hydration, also underscored that most of the deaths worldwide have been elderly patients with other comorbidities, such as diabetes, chronic kidney, and lung disease and patients where the diagnosis has been delayed.

"As an aside, Germany is also known amongst European countries as having an excellent elderly care program," she said. "Again, the most important thing is prevention: proper and frequent hand washing, avoid touching eyes, nose and mouth, and abstain from close contact with sick individuals."

As of Monday, coronavirus had spread to 98 countries with almost 110,000 cases recorded

An advertisement for VENUS clothing. It features four items: a grey long-sleeved top and shorts for \$39, a grey dress for \$59, a patterned long dress for \$44, and a black sports bra and shorts for \$19.99 with a red 'SALE' tag. The brand name 'VENUS' is at the top.
